Please note our new procedures on your reciprocal list.

The Port of Edmonds no longer administers our reciprocal program.

CYCE will reimburse one night of guest moorage (not including power), up to a maximum of \$40. Reciprocal moorage will be offered on a first come, first serve basis, for two visiting boats per day, and will be available only at the Guest Dock in the Port of Edmonds. There is a two day annual limit per boat on non-consecutive days.

No reciprocal privileges will be extended during our Foulweather Bluff Regatta the first weekend of October.

For reimbursement please send to the address above, with return address, (1) a copy of your moorage receipt and (2) current yacht club membership card. We would also enjoy a story of your journey to and visit in Edmonds.

CYCE has Wednesday evening racing May-August. Please feel free to join in our 1830 starts or put on your PFD and ask around for a ride.
