On COVID

COVID is still at thing. KCYC follows Kitsap County regulations regarding masking. Presently, masks are NOT required inside KCYC facilities. But this may change. If masks are required, we will have extra masks if you don't have one. Please respect whatever COVID restrictions are in effect at the time of the event and be good guests in their facilities. KCYC has been very welcoming in inviting us. Let's show them the best of our racing community.

Kingston Overnight Moorage

Racers are responsible for making their own arrangements with the Port of Kingston for moorage. If you do not have a slip # from the Port of Kingston, then you do not have a reservation. Call the POK at (360) 297-3545.

Kingston Temporary Moorage and Pickups

Boats are welcome to use unreserved slips (with green "Open" signs at the head of the slip) for temporary moorage during skipper's meetings and the awards party. There is no charge for this use. **DO NOT moor in any slips marked reserved!** This caused much confusion last year, and wasn't fair to boats that had reserved slips. Crew pickup and drop off can take place at open slips/dock space.

T-Shirts

Pick up the shirts that you ordered during the events at KCYC. A limited number of shirts will be available for \$28 each at KCYC or may be purchased from the CYCE host boat. We accept electronic payments and cash.

Host Boat

The CYC Edmonds Host boat "Kyrie" will be moored in Kingston throughout the event. Feel free to drop by to say hello or ask questions.
